Description

This one is totally ready for you!!! This is an exceptional boat, beyond belief of how much fun you'll have with this boat out on the water. This extraordinary boat is well maintained and shows as new though she is used however not much, 27 hours really doesn't even count in the boat world as used You wouldn't believe this boat had even been close to the water let alone in it. With its twin jet engine you have the pulling power to pull even the largest of skiers and more than one at a time. The options this boat has is too numerous to list, this is a must come see or call to check her out.
